

"Vertical Worship"

Worshipping God Vertically
Giving God Our Focus And Concentration

Worship that keeps our hearts and minds looking up to God. Our songs, the words to our songs, our focus, minds, and hearts should be directed to God who made us and sent His Son Jesus.

When we worship, our Worship Leader should be leading us in Songs that points us from ourselves and toward the goodness of our God.

As we worship vertically please remember to concentrate on nothing but communication with God.
